Dear Mr. & Mrs. Timmons,

Thank you so much for all the work you put into the retreat center. It is truly a wonderful place for Catholic families to come together. My life would be missing something if I had not met all the wonderful people here.

But Ave Maria is more than just a gathering place of friends. God has touched me here in so many ways. Thank you for inviting Justin Fatica & Fr. Kevin to the adventure weekend. They have definitely inspired me. The beautiful grounds are amazing too.

Most of all, thank you for bringing Jesus to us. Being in the presence of the Blessed Sacrament & having the opportunity to go to confession are some of the best parts of Ave Maria.

Thank you for praying for me, especially on Wednesday night at the 4th fest last year.

I have enclosed a copy of a poem I wrote based on Fr. Kevin's homily yesterday. I think that you ought to have a copy since you are the ones who made the adventure weekend possible. I have written a few other poems based on my experiences at Ave Maria & I want to thank you for all your work that truly makes this an inspiring place.

In Christ, Amy Elise Thoresen
